 A person I admire is my best friend's uncle, Mr Jackson. Mr Jackson's got a great job. He's a dog trainer and he's got a lot of tips to teach a dog good manners! Mr Jackson's 50 years old and he loves his job. It's really amazing how hard he tries to train other people's dogs. As he says, a trainer's job is to help dog owners live happily with their pets!

Hey there! My name's Talya. I'm 15 years old and I attend an international school in Istanbul. There are over 500 pupils from about 40 countries at my school. We've got a lot of different subjects and we have to work hard, but I enjoy it very much because we have excellent teachers and my classmates are very friendly. Our timetable is full of all the usual subjects, like Maths and History, but we also study a lot of different foreign languages. My favourite one is Italian. When I finish my studies, I want to travel around Italy because I love it!

Carla, Italy *15th October, 18:25*

Hello, Talya! Your school sounds very interesting, but a little tiring, too! I come from Florence, a beautiful city in Italy, and I am a pupil in the 10th grade at a local school for talented young artists. It has a great atmosphere and our teachers are very nice. We also study the usual subjects, but we spend half of every day on special Art lessons. You know, Florence is famous for its artists! I hope to become one of them when I grow up!

Edmund, UK *18th October, 15:49*

My school is unusual, too. We make our timetables on our own and choose the lessons we want to study. It's amazing! Everyone works really hard because they love their lessons!
